

Chichester Nursery School have been wonderful with all 3 of my children. Staff go above and beyond when it comes to supporting, nurturing and caring for my children and our family. I cannot even begin to describe my appreciation for the roles you have all played in our children's development and future.

Chichester  
Nursery School

Creativity, learning, nurture and support for the whole family

I could write amazing things all day long about this nursery! All three of my children have been there and each one has been nurtured and cared for so well, they have been able to leave full of confidence and ready for school. Definitely a place to look at for your children!

If you are looking for a Nursery setting for your child that is a place of creativity, with incredible facilities, expert support for learning, wonderful relationships and staff who nurture and support the whole family, then **Chichester Nursery School** is the place for you!

Our Up to 3's Nursery takes children from the age of 6 months all year round. We have places available for children in receipt of 2 Year Funding. Our Nursery School is teacher-led and takes children from the term after they turn three. 30 Hour Places are available.

We use 'In the Moment Planning' to follow the children's interests and give them the support needed to develop their skills and learning. Our exciting, high quality environment is a place where your child can explore, learn and flourish.

Our large garden offers a multitude of opportunities
